FREE Admission for Kids at Sarasota Jungle Gardens Back-to-School Celebration

Sarasota, FL...The calendar might say that school bells will be ringing soon with summer vacation coming to an end, but that doesn't mean the fun can't continue for just a bit longer! Sarasota Jungle Garden's "Back to School Bash" is the perfect way to have a little more fun time before school schedules take over. For two days, Aug. 10 and 11, adults may bring up to three children each for **free** with the purchase of a full-priced adult admission.

Take this time to enjoy one last vacation bash with the family before it is time to hit the books again. The gardens are located at 3701 Bay Shore Road, Sarasota, FL 34234.

Families can enjoy feeding flamingos, holding alligators, watching interactive animal shows and exploring acres of jungle paradise in the heart of Sarasota.

Admission is free for children three and under; \$12.99 for children 4-16; \$17.99 for adults and \$16.99 for seniors 65 and older; taxes are not included. The Gardens are open 10 a.m. – 5 p.m. and are located at 3701 Bay Shore Road, Sarasota, FL 34234. Visit the Sarasota Jungle Gardens web site at www.sarasotajunglegardens.com or call (941)355-5305 for more information.

About Sarasota Jungle Gardens

Sarasota Jungle Gardens features acres of lush tropical vegetation, winding jungle trails and entertaining, educational bird and reptile shows throughout the day. Established in 1939, Sarasota Jungle Gardens is home to native and exotic animals, including birds of prey, many different species of parrots and macaws, free-roaming flamingos, primates, small mammals, dozens of snakes, lizards, iguanas, crocodiles and other reptiles. Visitors have a unique opportunity to interact with and experience the animals, many of which found their home at Sarasota Jungle Gardens through approved private donations or through state and federal agencies that wanted to ensure these animals would live in a safe environment and permanent, caring home. All revenue goes directly to the care and enrichment of the resident animals.
