40,000 Easter Eggs Await Kids at “Jungle Trails and Bunny Tails” Annual Event

SARASOTA, FL. The busiest Easter Bunny in Sarasota will be awaiting all of his friends at Sarasota Jungle Gardens’ annual “**Jungle Trails and Bunny Tails**” event on **Good Friday, April 15th**. The Sarasota Jungle Gardens Easter Bunny has been very busy filling the colorful Easter Eggs with candy for children to find in this one-of-a-kind continuous Easter Egg Hunt. The hunt will go until all of the 40,000 eggs distributed are gone. Guests should bring their own baskets or purchase one for \$5 in the gift shop.

Again this year there will be live interactions with bunny rabbits, a petting zoo, the famous Bird, Reptile, and Wildlife Wonder Shows and many other fun, family-friendly events. Face painting and photos with the Easter Bunny will be available for purchase. As always, guests will be able to enjoy up-close interactions with animals and nature, including hand-feeding free-roaming flamingos.

For the Jungle Trails and Bunny Tails event, Sarasota Jungle Gardens, 3701 Bay Shore Road, Sarasota, 34234, is open from 10 a.m. until 4 p.m. During this one-day event, admission is free for children three and under; \$14.99 for children 4-12, and \$21.99 for adults before taxes. Other offers cannot be combined. For more information visit www.sarasotajunglegardens.com or call (941)355-5305.

About Sarasota Jungle Gardens

Sarasota Jungle Gardens features acres of lush tropical vegetation, winding jungle trails and entertaining, educational bird and reptile shows throughout the day. Established in 1939, Sarasota Jungle Gardens is home to native and exotic animals, including birds of prey, many different species of parrots and macaws, free-roaming flamingos, small mammals, dozens of snakes, lizards, iguanas, crocodiles, and other reptiles. Visitors have a unique opportunity to interact with and experience the animals, many of which found their homes at Sarasota Jungle Gardens through approved private donations or through state and federal agencies that wanted to ensure these animals would live in a safe environment and permanent, caring home.
